SURE CROP Plen-T Sweet is a concentrated liquid that can release minerals in the soil. SURE CROP Plen-T Sweet can be applied to all crops: row crops, small grains, legumes, forages, grasses, fruit trees, vines and vegetables.

Preplant - Apply 2-8 qt p/Acre of SURE CROP Plen-T Sweet with sufficient water or fertilizer solution in broadcast, dribble or band application.

Planting - Apply 1-2 qt p/Acre of SURE CROP Plen-T Sweet with starter fertilizer for row application.

Foliar - Apply 1-2 qt p/Acre of SURE CROP Plen-T Sweet with foliar fertilizer or water.

Irrigation - Apply 1-4 qt p/Acre of SURE CROP Plen-T Sweet with water or fertilizer solution through gravity, pivot or drip irrigation system. Repeat application as needed.

Increased Yield 9.5 Bu p/Acre!

Upland, Dryland Corn
Nemaha Co., KS

*Both plots received the same Starter Blend

SURE Plen-T Sweet is a concentrated, readily available, liquid carbon energy that helps nourish microbial populations.

What is SURE CROP Plen-T Sweet?

- Helps warm planting furrows for faster seed emergence.
- Speeds the release of elements in the soil and makes them available for crop uptake.
- Deters plant pests from both crop foliage and roots.
- Improves weed control when applied with post emerge herbicides.

SURE CROP Plen-T Sweet Benefits...

WARNING: Keep out of reach of children. Dispose of container in accordance with local, state, & federal regulations.
