SURE CROP

II Cor. 9:10

Quality Liquid Crop Nutrition

Healthy Fields ~ Optimum Yields!

Sure Crop Plen-T Calcium is a clear, liquid Calcium and Nitrogen solution uniquely formulated with carbon for better plant receptivity

Plen-T Cal

8-0-0-10Ca

For Prevention and Correction of Calcium Deficiencies

Weight Per Gallon : 11.80 lbs
Freezing Temperature: -4° F

SURE CROP
II Cor 9:10

877 US Hwy 36

Division of Ag Connection Sales, Inc.

Plen-T Cal 8-0-0-10Ca

- Helps grow more vigorous, healthy young plants when early spring soils are cold and damp
- Builds thicker and stronger cellular structure, absorbs more sunlight and increases production of $C_6H_{12}O_6$
- Enhances plant energy for higher percent of seed set and quality
- Maintains cooler plant temperature in summer heat stress, produce more grain
- Frees tied up Calcium and nutrients in the soil for crop intake
- Stabilizes Nitrogen and maximizes crop nitrogen intake.
- Helps keep soils flocculated for greater water and air infiltrations.
- Decreases diseases and deters insect pests
- Energizes soil microbial populations and increases microbial activity

Calcium (Ca)	10.00%

General Recommendation

Sure Crop Plen-T Calcium may be soil or foliar applied. It easily and totally blends readily in water or liquid UAN nitrogen solutions.

At Planting, Row or Band — Apply 1-2 qts p/Acre of **Sure Crop Plen-T Calcium** before or at planting time.

Broadcast Side Dress — Apply 1-2 qts p/Acre **Sure Crop Plen-T Calcium** in fall after harvest or in spring, prior to planting with liquid or anhydrous nitrogen, and/or pre-emerge herbicides. May incorporate 3-5 inches of soil.

Foliar — Apply 2-8 pts p/Acre of **Sure Crop Plen-T Calcium** with sufficient carrier to cover foliage. Best to apply as fine mist. No less than 30 pounds of pressure should be used. Flood jet tips should not be used. Ideally, foliar feed when sun's energy is the most functional in the photosynthesis process, early morning to mid day. Ideally, humidity is above 40% and temperature is below 86°F.

Irrigation — Apply 2-8 qts p/Acre of **Sure Crop Plen-T Calcium** with sufficient water or fertilizer solution through gravity, sprinkle or drip irrigation system.

***Note: Contains Calcium. CALCIUM DOES NOT BLEND WITH PHOSPHATE FERTILIZERS. Rinse all application equipment, hoses and pumps prior to and after application.**

Consult product label for further blending, storage, and application instructions.
