

Healthy Fields ~ Optimum Yields!

Sure Crop Plen-T Phos helps to protect and increase the efficiency of applied Phosphorus fertilizer

Plen-T Phos

To Enhance Phosphorus Availability

Weight Per Gallon : 10.40 lbs
Freezing Temperature: 21° F

877 US Hwy 36
Seneca, Kansas 66538
Ph. 785-336-2121

Division of Ag Connection Sales, Inc.

Plen-T Phos

-  Enhances availability of soluble nutrients for crop uptake
-  Non-toxic, biodegradable & non corrosive
-  Complexes Calcium to reduce fertilizer precipitation in soils and water
-  Blends easily with fertilizers
-  Helps improve yields and crop performance
-  Prevents Phosphorus from being tied up by Calcium, Iron, or Aluminum

GENERAL RECOMMENDATION

SURE CROP PLEN-T PHOS can be added to fertilizers containing Phosphorus to help reduce soil fixation and permit a continuous supply for Phosphorus for crops to utilize.

SURE CROP PLEN-T PHOS is a crystal growth inhibitor that delays the formation of insoluble, unavailable compounds from Phosphate fertilizers and chemicals. When added to your starter or foliar fertilizers, it can increase and extend the effectiveness of fertilizer nutrients for all types of crops.

PLANTING Apply 1-2 qt p/acre of **SURE CROP PLEN-T PHOS** with phosphate fertilizers. Apply band, aside, or below row.

SIDE DRESS Apply 1-2 qt p/acre of **SURE CROP PLEN-T PHOS** with phosphate fertilizers.

TOP DRESS OR FOLIAR Apply 1-2 qt p/acre of **SURE CROP PLEN-T PHOS** with phosphate fertilizers. Apply with sufficient fertilizer solution for adequate and even coverage. Use equipment to give uniform coverage with 30 to 90 PSI for best results.

Consult product label for further blending, storage, and application instructions.
