

Healthy Fields ~ Optimum Yields!

Sure Crop Ultra-N is an efficient source of Nitrogen fortified with Sulfur for when crops needs are the greatest.

Ultra-N

19-0-0-1S

Nitrogen - Sulfur

Quickly Assimilated Nitrogen and Sulfur

**Weight Per Gallon : 9.70 lbs
Freezing Temperature: -4° F**

877 US Hwy 36
Seneca, Kansas 66538
Ph. 785-336-2121

Division of Ag Connection Sales, Inc.

Ultra - N 19-0-0-1S

- Uniquely formulated to be a quickly assimilated source of Nitrogen and Sulfur
- Activates plants' enzymatic systems to enhance chlorophyll production
- Improves overall crop vigor and development to increase plant health and yields
- Helps plants recover from stressors such as extreme temperatures, disease, or nutrient imbalances in the soil
- Blends easily with other fertilizers and UAN solutions, such as 28% or 32% when blended according to label instructions
- Versatile in application method

GENERAL RECOMMENDATIONS

Sure Ultra-N is a proprietary formulation of nitrogen fortified with Sulfur. **Sure Ultra-N** may be applied to row crops, small grains, legumes, forages, turf, trees or horticulture.

- Planting: Apply 1 to 5 gals p/Acre of **SURE Ultra-N** in 2 x 2 band, away from the seed.
- Foliar: Apply 1 to 5 gals p/Acre of **SURE Ultra-N** as fine mist to foliage. Ideally, temperature should be below 82 degrees and humidity above 40%. May repeat application as needed.
- Broadcast, Sidedress or Fertigation: Apply 1 to 5 gals p/Acre of **SURE Ultra-N**. May repeat application as needed.

Optimum rates of application may vary between fields depending on soil types and moisture conditions. For best results, follow soil and plan analysis recommendations for your area.

Consult product label for further blending, storage, and application instructions.
